

Royal Rangers International - Africa

RRI Africa Summary

Malawi held RR Basics training in October for 45 new leaders. A larger training camp is planned for around Easter 2008 with approximately 100 leaders.

Ghana's training camp this month has grown from an expected 60 leaders to now over 100 leaders.

We want to thank the many churches that responded to our appeal for help to fund this event:

- West End A/G—Richmond, VA
- Centerpointe Church—Fairfax, VA
- Cornerstone A/G—Bowie, MD
- Capital Section Royal Rangers—Silver Springs, MD
- Highway A/G Adult SS class, Fredericksburg, VA

Uganda leaders received permission from their government to work with 900 children in an orphanage. Many of these are AIDS orphans. Since the summit this summer in Kenya, they have gone back and have started a basic Royal Ranger program to reach these kids. Lord willing, we will be able to provide more formal training to them in 2008.

Support Update

We are on our 13th month of itineration. We have visited churches from Florida to Delaware to share our heart for Africa. Andy even traveled to Arizona and preached on a reservation and visited with a number of pastors. We are especially grateful to Pastors Robert and Sharon Jimenez of Whiteriver, AZ for hosting Andy and helping him schedule so many meeting while he was in Arizona.

For those churches that have offered to support our ministry monthly, please complete your "Faith Promise" form and mail it to AGWM as soon as possible so we can be cleared to begin our new term. We still do not have enough pledges on record to meet our budget and we can't keep itinerating indefinitely. Please contact us if you need more details. awhitva@juno.com
