1st Quarter 2010
Volume 3, Issue 3

A New Sunday School, Shoes for Orphans and Training in Malawi.

We had so many great events this quarter . We decided to highlight 3 of the best ministry projects that happened since our last newsletter. The country of Malawi officially launched Royal Rangers in September. Andy and a mixed staff of African and American instructors attended the ceremony and held the final instruction camp (bottom photo). In October we held a district Ranger Pow Wow in Kenya that featured advanced cooking. Also during the month, we attended the dedication of a Sunday School classroom at our local church built with special donations from Andy's mom (photo to the right). Finally, in November we handed out new shoes for all the boys and girls at the Kenya Kids home (center). The Men's Ministries class of Victory A/G in Lakeland, FL collected the money to give each child a new pair of shoes.
